

# BEM VINDO AO NANDO'S

## THE NANDO'S WAY

Whether you're a first time user or just nuts about Nando's, here are some pointers for you...

**Flying solo or sharing & caring?**

Decide if it will be a meal for one or chicken to share.

**Choose the flavour you'll savour.** Select the basting that's right for you from our PERi-ometer.

**Strut up to the counter, order your meal.**

If you're having a meal for one, select an item and a side serving.

**Remember to take your Cockerel number.**

Sit down, relax and we will bring your meal to your table. Remember to help yourself to cutlery and condiments.

**Please be patient as PERi-PERi goodness can't be rushed.**

The taste of your freshly grilled meal will be remembered long after the wait is forgotten.

*Bom Proveito (Enjoy!)*
